Re: Remote Learning

As districts began to plan for the 2020-2021 school year, the Texas Education Agency suggested offering Remote Learning as an option to those concerned about returning to school during COVID. After offering this option for the first grading period, and after much consideration, Sweet Home ISD had decided to discontinue the voluntary Remote Learning. Beginning Monday, October 19, 2020, Sweet Home ISD will only offer Face to Face Learning in lieu of Remote Learning.

All “at home learners” will need to choose which path they will take beginning Monday, October 19th.

1. Come to school Face to Face
2. Withdraw to Home School
3. Enroll in Private School
4. Request Transfer to a district that offers Remote Learning

Sweet Home remains dedicated to ensuring all students receive the best education possible in a safe and clean environment. We will continue to enforce masks and all health procedures put in place to minimize the spread of this infectious disease.

To date, SHISD has had no students or faculty members test positive with COVID-19. We will continue to provide Remote Learning for those students who are placed in quarantine by the district. These are temporary placements used to keep students engaged after a positive COVID-19 test or who are deemed as close contacts.

Sweet Home ISD appreciates your continued support and understanding during this most unusual time in education. If you have any questions or concerns, please do not hesitate to contact the school.
