Re: COVID Positive Test

A junior high student at Sweet Home ISD tested positive for COVID-19, and the parents notified the district on Monday, December 7, 2020. Due to confidentiality reasons, we cannot disclose any more information. However, the district has taken precautions and will continue to disinfect as directed, and all staff members on the campus have been asked to follow safety protocols to protect the health and safety of everyone at school.

If you have any questions, please contact your doctor or the Department of State Health Services at 210-949-2121. Staff members and parents of students who had close contact with the confirmed case will be notified.

We will continue to work with our teachers, staff members, parents, and students to keep everyone safe. Thank you for your patience and understanding.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shane Wagner". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Shane Wagner
Sweet Home ISD
Superintendent
